INDUSTRIAL PRODUCT LINE

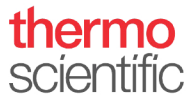

ONE NAME. ALL SOLUTIONS.

Pressure Sensors, Load Cells, Torque Transducers, Displacement Transducers

Oxygen Analyzers, Laser Analyzers, Combustion Analyzers, Moisture Analyzers, Hydrocarbon Analyzers, Hydrogen Analyzer, Plasma Analyzer

Sulfur Analyzers, Mass Spectrometers, BTU Analyzers, Continuous Ambient/Source Gas Analyzers, Ambient Particulate Monitors, Integrated Turnkey GEMS Packages, Nuclear Level and Density Gauges, Sarasota Density Gauge, Paperless Chart Recorders, Ultrasonic Liquid Flowmeter

Emissions Analyzers, FTIR Analyzers

High Precision Single and Dual Stage Pressure Regulators, Back Pressure Regulator, Vaporizing Regulators and Automafic Differential Switchover Panels.

Sample Coolers, Heat Exchangers, Liquid and Vapor Sample Stations, Detector Tube Samplers, Dual Phase Sample Systems, Flare Gas Samplers, Fixed Volume Samplers, Resid and Hot Oil Samplers, Acid Sample Systems.

LED Vessel Process Lighting, High Temperature and Hazardous Rated Process Camera Systems, Industrial Surveillance Cameras, Fuseview Vessel Sight Glasses, Sight Flow Indicators, Glass to Metal Seals, Liquid Particle Size Analyzers, Solid Particle Size Analyzers

Gas Chillers, Sample Probes, Conditioning Equipment

Analog Rotary Torque Transducers, Digital Rotary Torque Transducers, Reaction Torque Transducers, Signal Conditioners and Instrumentation, Torque Calibration Services.

Pre-Insulated and Heated Tube Bundles, Weatherized Enclosures, Enclosure Heaters

General Purpose & Hazardous Area Diaphragm Pumps
